I have the benefit of your phone call and conversation that occurred on September 8, 2016, and appreciate your concerned and expressed action to assist in the interpretation of the Statute 42 U.S.C. §300f, et seq., as well as to further move for USEPA's attorneys to investigate the matter we discussed yesterday at some length.

The issue, at-issue as well was, that I intend to cause multiple subpoenas, Notices to be filed Monday, September 12, 2016 before the Honorable George H. King, presiding judge and before the Honorable Magistrate Judge Kenly Kiya Kato, UNITED STATES DISTRICT COURT CENTRAL DISTRICT OF CALIFORNIA – RIVERSIDE.

Furthermore, I am left with no other alternatives, since said as above U.S. District court has erred on three occasions and caused - encouraged the attorneys of record for the Defendant PG&E, Mr. James L. Mink, lead attorney from the lawfirm SEDGWICK LLP, to exhibit extreme bias and prejudice, further interpreted and applied by the Supreme Court, under the equal protection, as **invidious discrimination**.

In specific, as you requested that I send you information, which you will forward to USEPA's attorney, which I am attaching hereto under EXHIBIT "A", is only partially addressing all wrongful acts by PG&E and by their attorneys of record.

You will receive by 9/13/2016 Volume of information and Subpoenas requests. Note that this letter will be forwarded, along with EXHIBIT "A", to many governmental agencies, including filed in the US District Court. Note that I am not suing EPA.
